Chris & Nicole Hargreaves present:

An introduction to healing and Spirit-led deliverance

6-9 February 2027

Do you want to see the Kingdom of God expand in your world? Do you struggle to know how to set people free from complex problems such as depression, relationship struggles, trauma, chronic health conditions? Do you really know what to do when someone comes to you with a serious problem?

Come along and learn to heal the sick, cast out demons and make disciples that do the same. Jesus never failed to heal anyone who asked for healing and with the tools that we have learned from years of experience walking with the Holy Spirit and standing on the Word of God, we want to help you start to have a higher success rate in praying for people too.

Topics covered include:

- Can Christians be affected by demons?
- How to recognise demonic activity & the need for deliverance
- How to pray successfully for healing of a natural condition
- How to cast out a demon
- How to minister to someone who isn't instantly 'fixed'
- How to let the Holy Spirit lead you in ministry
- Soul ties, curses & blessings, generational spirits & other controversial topics explained
- Myths & malpractices in deliverance ministry and how to avoid them.
- There will also be a time of ministry where students will practice what they have learned.
